

Building & Grounds Team

Pastoral Contact: Rev. Henra Chennault

Supports the maintenance and upkeep of this sacred building and grounds. This team works to maximize the asset that is our space, while also minimizing the financial liabilities that come along with the aging building. Specific attention given to strategic plans for the future needs, as well as current support for the welcoming of people into our brave space

People with skills in home repair or skilled labor or who can follow hands on directions well. People who enjoy making a difference in holy spaces to allow the congregation and ministry partners to feel more at home in our space.
